George Kent, Robert Carr : Comparative Anatomy of the Vertebrates before purchasing it in order to gage whether or not it would be worth my time, and all praised Comparative Anatomy of the Vertebrates:

0 of 0 people found the following review helpful. missing pagesBy CustomerOk condition but book starts at page 49 not page 1.....1 of 1 people found the following review helpful. Informative ConciseBy Katie H.I bought the book for a great price to have for my comparative vertebrate morphology class. The chapters are informative without being overwhelming. This is a good textbook to get a solid overview of vertebrate anatomy.0 of 0 people found the following review helpful. Five StarsBy Ashley Colangelojust what i needed for school

Deemed a classic for its reading level and high-quality illustrations, this respected text is ideal for your one-semester

Comparative Anatomy course. For the ninth edition, George Kent is joined by new co-author Bob Carr.
