Marjorie Kelly Cowan : Connect Access Card for Microbiology: A Systems Approach before purchasing it in order to gauge whether or not it would be worth my time, and all praised Connect Access Card for Microbiology: A Systems Approach:

0 of 0 people found the following review helpful. Five StarsBy SunandsandgirIThis help me pass the class!1 of 2 people found the following review helpful. read everythingBy Tracygreat customer service if you any problems0 of 1 people found the following review helpful. Five StarsBy Stephanie CsizmaExactly as expected

Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, how they need it, so that your class time is more engaging and effective.

About the AuthorKelly Cowan just celebrated her 20th anniversary at Miami University Middletown, an open admissions campus in Ohio. She received her Ph.D. at the University of Louisville, and later worked at the University of Maryland and the University of Groningen in the Netherlands. She specializes in teaching microbiology to

nonmajors, and especially to pre-nursing and allied health students. She herself fell in love with microbiology while pursuing an undergraduate degree in dental hygiene. She has made it her personal mission to hear nurses and dental hygienists she encounters in everyday situations exclaim, I loved my microbiology class!
