Dalton Kehoe : Effective Communication Skills before purchasing it in order to gage whether or not it would be worth my time, and all praised Effective Communication Skills:

0 of 0 people found the following review helpful. Four StarsBy andyGood6 of 8 people found the following review helpful. communications skills cdsBy twikkioneThe professor talks a lot about communication of course, makes some pretty good points about how to communicate effectively in life. Talks about listening skills and how we talk from our unconscious and have four heads when we talk to another person, interesting cd. The four heads is what we think of ourselves, what we think of the other person, our unconscious , and I think what the other person is thinking of us. Seems practical except I don't know what you would do in an emergency situation, how would you talk through that? It doesn't really discuss that on this cds. But its useful for talk in relationships with other people, like significant others, family, friends.0 of 1 people found the following review helpful. Easy to listen tooBy Angela LaubachVery helpful. Easy to listen too.

Talk is something you do every day. And your life is literally shaped by it. No matter why you engage in face-to-face talk, though, there's no way to insulate yourself from the dangers of miscommunication. Your ability to use the art of talk to effectively convey who you are and to build solid relationships not only influences the success of your friendships, romantic life, and everyday encounters, but also how you experience your workplace. Studies show that using conversational skills properly in that arena makes you more productive, happier, and less stressed. But the truth is that most of us don't understand nearly as well as we could how conversation really works, whether in the office or

out of it, with both parties often having entirely different perceptions of what the words and gestures passing back and forth are meant to convey. Even more important, most of us aren't as successful as we could be in making those conversations work better for us. Even when we're more skilled at it than the average person, we often give up the opportunity to be even better, leaving a lot of potential success and happiness on the table. Effective Communication Skills is your chance to learn more about how you communicate verbally, the common problems you
