Harry Yang : Emerging Non-Clinical Biostatistics in Biopharmaceutical Development and Manufacturing (Chapman Hall/CRC Biostatistics Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Emerging Non-Clinical Biostatistics in Biopharmaceutical Development and Manufacturing

(Chapman Hall/CRC Biostatistics Series):

The premise of Quality by Design (QbD) is that the quality of the pharmaceutical product should be based upon a thorough understanding of both the product and the manufacturing process. This state-of-the-art book provides a single source of information on emerging statistical approaches to QbD and risk-based pharmaceutical development. A comprehensive resource, it combines in-depth explanations of advanced statistical methods with real-life case studies that illustrate practical applications of these methods in QbD implementation.

About the Author Harry Yang, Ph.D., is senior director and head of the Non-Clinical Biostatistics Group at MedImmune, the global biologics arm of AstraZeneca headquartered in Gaithersburg, Maryland.
