**From B.I. Publications : Neuroanatomy ; Review for Usmle, Step 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Neuroanatomy ; Review for Usmle, Step 1:

8 of 8 people found the following review helpful. A must read for USMLEBy Paul MorrisonIf you were napping during Neuroanatomy there is a way out. Read this book. The authors have written clear and concise descriptions leaving out all of the frills that will never make it into the USMLE. So fire up your dendrites with a quart of caffeine and go cover to cover in two nights. You'll at least be able to critique Hannibal Lecter's table manners.
