Ralph Ed. Shapiro : Nutrition Labeling Handbook (Food Science and Technology) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nutrition Labeling Handbook (Food Science and Technology):

This handbook examines the Nutritional Labeling and Education Act (NLEA) passed by Congress in 1990. It discusses the history of the NLEA and its impact on various segments of the food industry, making complex and detailed regulations easily understandable throughout. Government, industry and consumer perspectives on labelling regulations are provided along with practical guidelines for compliance and packaging.
