Read up on best practices and stay at the forefront of your profession with new perspectives from a host of international contributors like new Associate Editor Antonio Torrello, who co-edits the Pediatric Dermatology journal. Get a fresh and global perspective to treat and diagnosis the full range of pediatric skin disorders in print online.

"The third edition of Pediatric Dermatology is a great resource for clinical practice. It is also a wonderful review of pertinent pediatric dermatology topics for clinicians and residents who may be preparing for dermatology board examinations." Susan M. Sweeney MD, Journal of the American Academy of Dermatology, 2006, review of the 3rd edition "The book retains its position as one of the best within paediatric dermatology. Residents, as well as senior consultants, both in general and paediatric dermatology and paediatrics, should find the updated new edition very helpful for the understanding of diseases and for establishing a diagnosis or listing of differentials and in planning therapy and follow-up. This is a must for university clinics." Acta Derm Venereol, December 2011 About the Author Prof. Lawrence A. Schachner, MD Harvey Blank Professor and Chairman, Dermatology Cutaneous Surgery University of Miami Miller School of Medicine Miami, FL
