3 of 3 people found the following review helpful. Review for Coding Exam BookBy Diane BaileyI actually bought this book for my daughter so she can become certified in Physician Coding. This will add to her resume for a better paying position.My daughter rates this book excellent as a review guide. She also went online and is doing the pre, post and final exams before the actual exam. She does think it needs more quizzes per each chapter and add the new ICD-10 codes.4 of 4 people found the following review helpful. This book is amazing!By janda9092This book is amazing. I love the way it reviews anatomy physiology. I wish I would have had this much earlier in my Coding Billing classes. Highly recommend it. Shipping was fast easy. Product arrived in great shape.2 of 2 people found the
